SETTLING YOUR CHILD IN

- To help the settling in process, a short visit will be arranged with parents/carers prior to any child starting.
- Where possible, a secondary short visit to the child's own home would also be beneficial in establishing trust and friendship.
- Please talk to your child about their time in my care and reassure them that you will be there to collect them at the end of the day.
- Although there may be initial tears or tantrums, please remember that children will soon settle once they feel safe, secure and confident.
- Parents/carers are welcome to telephone at any time to check on the situation and if at any time I feel that a child is unduly distressed I will make contact with parents/carers to ask that the child be collected as soon as possible.
